INTRODUCTORY.

THE publication of Edwards' City Directory was commenced in 1866, and since that time the public have had ample opportunity to examine its pages and arrive at an unbiased opinion regarding its merits generally. We believe they have done so, and from the high encomiums of the public press and the praise with which the work has been received by the business community, private citizens, and the leading men of all our public institutions, we have the proud satisfaction of announcing to the patrons of the Directory, that it has been a COMPLETE SUCCESS, which, gratifying as it is to the Publisher, can be no less so to every citizen who takes pride in the growth, prosperity and magnitude of the Garden City of the West.

In presenting this, the SECOND VOLUME of the City Directory, to the Chicago public, we feel a degree of pride in referring to the rapidity with which the work has been completed—taking into consideration the magnitude of the enterprise, and the capital, clerical and mechanical means employed. Our facilities for canvassing, compiling and binding Directories are superior to those possessed by any other house in the West. By these means the Publisher has been enabled to distance all opposition, and bring out the work, complete in all its parts, in the short period of forty days. To accomplish this, a corps of near a hundred employees have been constantly at work from its commencement to its completion. In no city in the Union (save the city of New York), has this feat ever *before* been accomplished. In times past, it has taken from four to six months to publish a Chicago Directory. Our first volume was brought out in about sixty days; and the completion of the second in forty days, should satisfy the public that we have been sensible of their wants, and given the business men of Chicago their annual Directory in the shortest possible space of time, after the removals of May.

We believe, in many respects, the present volume is superior to that of last year. Containing many thousand more names, and the usual amount of information common to works of this nature, it is less cumbersome than the first volume, and more easily accessible because of its compactness. This has been brought about by the purchase of new and the use of smaller type in several of its departments, and an enlargement of its pages. Being convinced that a change of this nature was demanded by business men, we have acceded to their wants, and trust the variation will prove satisfactory to the thousands who make daily reference to the Directory.

To the public spirited and liberal minded citizens of Chicago, who have so generously extended to us their patronage, we return our sincere thanks, and beg leave to refer them to the following valuable endorsements, which the Directory has received, from those of our citizens whose appreciation of merit and high discernment of the useful, in everything appertaining to Chicago, is unquestioned.

Very respectfully,

RICHARD EDWARDS, Publisher.

No. 73 Dearborn St., June 10, 1867.

EDWARDS' NEW CHICAGO DIRECTORY.

We invite the attention of business men of this city to the advertisement of Mr. Edwards in another column, announcing the forthcoming of his new City Directory for 1867, the canvass for which commenced on the 2d day of May.

Every citizen realises the importance of a good directory. It is an institution indispensible in a city of the magnitude of Chicago, and yet notwithstanding this magnitude, BUT ONE DIRECTORY IS NEEDED for her people, provided always the work is reliable and correct. Edwards' Directory combines all the qualities needed in a work of this kind, and has the entire confidence of the business men of all classes. The highest testimonials have been bestowed upon it. It has been pronounced "unsurpassed for beauty and correctness;" **"THE STANDARD BOOK OF THE CITY;"** "an indispensible requisite to every business office;" a mammoth work and the best ever published;" "highly appreciated by the business community and travelers generally;" "an institution in the West, and its annual visit always welcome," &c., &c.

The value of this Directory is so well established that parties purchasing it may rely absolutely upon the possession of a work as near perfect as it can be made. They have only to ASCERTAIN THAT THE WORK IS EDWARDS', and there will be no deception. Recognizing the fact that a poor directory is worse than none, Mr. Edwards will issue this year, a work which may be consulted with entire confidence.

(*From J. C. Dore, President Board of Trade.*)

Mr. Richard Edwards: CHICAGO, Jan. 2, 1867.

DEAR SIR:

* * * * * A good Directory is an indispensable requisite to every business office. I have examined yours with some care, and take pleasure in commending them to all who may have occasion for their use. Your works are creditable to Chicago as well as to the Publisher.

Truly yours,

J. C. DORE.

EDWARDS' NEW DIRECTORY FOR 1867.

In another column may be found an advertisement in reference to the publication of Edwards' new city directory, and to which we invite the attention of the reader. As the canvass is about commencing, it may be well for our business men to bear in mind that the work issued by Edwards in 1866 has been pronounced, by our merchants and business men generally, the **BEST OF THE KIND EVER PUBLISHED IN CHICAGO.** This is a high commendation and worthily bestowed. The value of a good directory cannot be appreciated too highly and the worthlessness of a poor one is apparent to all. As Edwards has given entire satisfaction in the publication and compilation of his directory heretofore, we can implicitly rely upon the correctness of the forthcoming volume. There appears to be no REAL NECESSITY FOR MORE THAN ONE WORK of this kind in Chicago, and the patronage of the people should be bestowed upon the one giving the best satisfaction. That EDWARDS' DIRECTORY bears off the honors in this respect, is evident from the high testimonials which it has received from those who know and appreciate the value of works of this nature. His canvassers and compilers are all selected for their high qualifications, which insures reliability to the work, and speed in its execution. Taking all these things into consideration, we commend the new city directory (bound in blue) to the patronage of the citizens of Chicago.

Mr. Richard Edwards: CHICAGO, Dec. 26, 1866.

DEAR SIR:

* * * * Edwards' Directories are certainly an Institution in the West, and their annual visits will always be welcome.

GAGE & RICE, Proprietors Sherman House.

The New Directory for 1867.

There is an old maxim, "That it is best always to speak well of a bridge that carries one safe over." The idea, if not so eloquently expressed, is at least explicit and to the point, and therefore becomes the matter under consideration: The advertisement in another column in reference to the second volume of "Edwards' New City Directory," the canvass for which will commence on the second day of May next. THERE IS NO DENYING THE FACT THAT "EDWARDS' DIRECTORY" IS THE "STANDARD WORK OF THE CITY," in that branch of book-making. It has been pronounced so by merchants, lawyers, physicians, clergymen, hotel-keepers, railroad men, city officials, express agents, bankers, insurance agents, mechanics, and citizens generally. Its general correctness and reliability has drawn forth the highest testimonials. Our people have been so well served the past year by Mr. Edwards, that the feeling is becoming universal in favor of but one Directory. In fact, but one is needed. Edwards has made this branch of business a life-long study, and hence the superiority of his works. Patronize the "New Chicago Directory," bound in blue, and you have a book you can refer to with perfect confidence.

(*From John V. Farwell, Esq.*)

Richard Edwards, Esq. CHICAGO, Dec. 6, 1866.

DEAR SIR:

The amount of valuable information contained in your Directory, is evidence that Chicago is not lacking in enterprise, in the line you have chosen to fight it out. * * *

JOHN V. FARWELL.

(*From the Chicago Evening Journal, May* 2, 1867.)

Edwards' New City Directory.

Mr. Edwards is now prosecuting the compilation of his new Directory with great industry and care. It will soon go to press and soon thereafter be ready for delivery. As Edwards' Directories have been pronounced the best **EVER PUBLISHED IN CHICAGO,** and as they have been **THOROUGHLY TESTED BY ALL CLASSES OF CITIZENS,** we can fully rely upon the forthcoming work as being in every particular correct and reliable. It has been carefully compared, too, with other works of the kind, and the verdict of professional and business men declared in its favor. It could not be otherwise when we consider its magnitude, its beauty, its careful compilation, and general correctness. AS LARGE AS IS OUR CITY, THERE IS NO NEED OF BUT ONE ANNUAL DIRECTORY, and the patronage of the public should be bestowed upon that work which gives the best satisfaction. Upon this question there can be no two opinions. Edwards bears off the palm in Directory publishing. The fact is not disputed; therefore there need be no hesitancy in giving in subscriptions. Remember that Edwards' Directory is bound in *blue*, and is an honor to the city, and deserving of the most extensive patronage."

Richard Edwards, Esq.: CHICAGO, Dec. 27, 1866.

DEAR SIR:

Your efforts in supplying the business men of Chicago with a Directory which they may well be proud of, is universally acknowledged; and it is with pleasure we add our testimonial of your great ability in your branch of business. We wish you success in permanently establishing Edwards' Directory as an institution of the city.

PEARCE & BENJAMIN, Proprietors Adams House.

(*From the Chicago Evening Post, May* 2, 1867.)

Edwards' New Directory.

In our advertising columns may be found the card of Mr. Edwards, announcing that he will issue his Directory for 1867 as soon as possible after the changes in locations which the first day of May annually brings forth. As this is the **STANDARD DIRECTORY** of the city, and as all our business and professional men need one that is perfectly reliable and can be consulted with entire satisfaction, it seems a matter of necessity that their patronage should be bestowed upon a carefully prepared work, like the one under consideration. Edwards has made the directory business his specialty, having devoted years to this branch of business; hence his success; and hence the testimonials which he has received from time to time from superintendents of different railroads in the Union, express companies, bankers, proprietors of hotels, insurance agents, merchants and business men generally. EDWARDS' DIRECTORY HAS BECOME A STANDARD book of reference, from the fact that his canvassers and compilers are selected with especial reference to their business qualifications, and the work itself is executed in the highest style of the art. Now is the time to subscribe. It is bound in blue, and may thus be distinguished from other directories.

Mr. Richard Edwards: CHICAGO, Dec. 11, 1866.

DEAR SIR:

Please accept my hearty thanks for your very excellent and elaborate Directories of Chicago and St. Louis. Wishing you all possible success in making permanently the progress of the two great cities of the West, I am very truly yours,

WM. BROSS.

BOGUS DIRECTORIES.

The attention of the reader is invited to the card, in another column, of Mr. Richard Edwards, the popular publisher of our City Directory, who has found it necessary to coution the public against a set of swindlers who are continually canvassing our large cities for advertisements and for subscriptions to bogus Directories. These fellows, when they cannot carry out their design by any other means, resort to the use of the name of the firm above alluded to, and represent themselves as in the employ of this publishing house, and thereby are enabled to swindle the unsuspecting. The works gotten up by Edwards, are so well known, and withal so popular, that it is an easy matter for thieves, by false statements, to impose upon the public, who cannot exercise too much caution when they are called upon for Directory advertisements. Such swindles are quite too common of late, and it would be well could an example be made of this piratical crew; the public would be protected and at the same time roguery punished. Let our Merchants and business men be on their guard, and deal only with reliable agents and responsible firms, such as Mr. Edwards has by enterprise and ability proved himself to be.

(*Paris Universal Exposition.*)

Richard Edwards, Esq.: CHICAGO, Sept. 27, 1866.

DEAR SIR:

We wish six copies of your Directory, for the "Paris Universal Exposition" of 1867. Will you please favor me with this number to exhibit our city and its proportions, as your Directory will do it.

Respectfully yours,

JAMES H. BOWEN, President Third National Bank.

Mr. Richard Edwards: CHICAGO, Dec. 13, 1866.

DEAR SIR:

I sometime since received the copies of your Directories of St. Louis and Chicago which you were pleased to present to me.

These works evince a great amount of care, skill, labor and expense in their execution, and give besides other general valuable information, interesting facts, figures and arguments, demonstrative of the growth, greatness and power of the Northwest, and are highly creditable to the cities they respectively represent.

Accept my thanks, yours truly,

HENRY SAYRES, Pres't of Chicago Merchants' Exchange.

Mr. Richard Edwards: CHICAGO, Dec. 26, 1866.

THE

Chicago Tribune

1867-68.

THE TRIBUNE is now the largest daily newspaper in the United States, and larger by seven columns than any other newspaper in Chicago.

This well-known and widely circulated journal is noted for avowing its sentiments with candor, fearlessness and independence. It aims to be RIGHT rather than popular, and takes the responsibility of telling the TRUTH, regardless of the offence that may be given to Prejudice, Ignorance or Power.

The PRINCIPLES and OBJECTS which the CHICAGO TRIBUNE espouses, are:

THE CAUSE OF FREEDOM,
JUSTICE AND HUMANITY,
PERPETUITY OF THE UNION,
OBEDIENCE TO THE CONSTITUTION, AND
SUPREMACY OF THE LAWS.

The CHICAGO TRIBUNE is a WESTERN NEWSPAPER, made up in the West, and devoted to Western interests. It discusses every subject of interest to Western men—moral, political, literary, commercial and financial. No Western merchant, banker, farmer, mechanic, drover, or manufacturer, can study his own interest and do without it. No farmer should sell a bushel of wheat, corn, oats, or a pound of beef or pork, without reading the TRIBUNE. No merchant should sell his goods without reading the TRIBUNE; no manufacturer his wares; no mechanic the product of his hands, without first consulting its well filled commercial columns. It is in every respect,

A FIRST CLASS NEWSPAPER.

The contents of the WEEKLY TRIBUNE embrace

1st—A Complete Current History of the Progress of Events with the general news of the day.

2d—Copious Telegraphic Despatches, containing the Latest News from all parts, down to the hour of going to press.

3d—Regular Correspondence from numerous points in the South and the Capitals of the Western States, Washington, New York, St. Louis, California, Kansas, Canada, the Oil Regions, the Indian Country, London and Paris, besides occasional letters from many other points where interesting news is transpiring. No other journal in the country employs a larger or more capable corps of correspondents, and no other in the West can compare with it.

4th—Editorials on Political Topics and all subjects of current interest, and Reviews of new Publications.

5th—Reports of Meetings, Political, Religious, Agricultural, Educational and Miscellaneous.

6th—Proceedings of Congress and State Legislatures, Important Speeches and Documents.

7th—Market Reports, embracing every article the Farmer or Dealer can expect to find quoted in a newspaper. The TRIBUNE has achieved and maintained the highest reputation as a Commercial paper.

8th—Carefully prepared Agricultural and Horticultural articles by "Rural," and other able writers on the Farm and Garden.

More Friends Than Ever.

Mr. E. Styles, of Rhinebeck, N. Y., in a letter dated Aug. 25th, 1866, says: "I am sure that I have sold, during the past year, four times as many Willcox & Gibbs Machines as have been sold here of all other kinds. Without a single exception, every machine that I have sold has given perfect satisfaction; and the Willcox & Gibbs has more friends here to-day than ever before."

Wondrously Sustaining Thought.

Ah, mothers and wives, when work presses—when muslins, linens and prints cumber your drawers, and little ones clamor for spring "toggery," the thought that in your sitting-room waits, ever to help you (alluding to Willcox & Gibbs Sewing Machine), a silent, trusty friend, of forty sewing woman power, is wondrously sustaining, isn't it?—*Little Pilgrim.*

The best place in Chicago to buy every kind of BAG or SACK is from the large and choice assortment of Noyes & Brown's Board of Trade Bag Factory.

FANCY DRY GOODS AND NOTIONS AT WHOLESALE, AT DUNLAP BROTHERS, NO. 49 LAKE STREET.

Durability of its Work.

John Edwards, of Toronto, C. W., writes: "One of your machines has been in use in my family for the last two years, and has given entire satisfaction. It recommends itself especially, by the ease with which its use can be learned—its applicability to any thickness of fabric—its never being found out of order—and the neatness and *durability* of the work performed by it."—*To the Willcox & Gibbs S. Rev. D. Personeus, Sterling, Pa., writes: "I have just moved into this place; and I find a number of double-thread Machines in use here. Their owners are not generally satisfied with them. The Palm of Superiority.

On the whole we are constrained, after close observation, and the use of different machines for more than a year, to award the palm of superiority to the Willcox & Gibbs, as the most complete in all its parts, and the most perfect in its operations—a family machine, adapted to sewing any number of thicknesses, from one to twenty folds of sheeting muslin.—*The Economist.*

FANCY DRY GOODS AND NOTIONS AT WHOLESALE, AT DUNLAP BROTHERS, NO. 49 LAKE STREET.

A Preternatural Stillness.

"This simple instrument," says the *Western Episcopalian*, "may be called absolutely noiseless. Testifying its busy motion *only* to the eye, *it cheats the other senses* with a PRETERNATURAL STILLNESS." —That Instrument is no other than the Willcox & Gibbs Sewing Machine.

A Charm.

The Rev. D. H. Rogan, of North Amherst, Mass., says "The machine I bought of you a few months since, had not been in the house an hour before the family were in love with it! And if that feeling has changed any since, it is only to become more intense. Its operation is so admirable, at all times, and on all kinds of work, that it is indeed—A CHARM."—*Letter to Willcox & Gibbs S. M. Co.*

BURLAP SACKS OF ALL QUALITIES CONSTANTLY ON HAND. NOYES & BROWN, 45 LaSalle Street, Chicago, Ill.

DUNLAP BROTHERS, No. 49 Lake Street, keep the most extensive assortment of GENTS' FURNISHING GOODS.

Good Ones, No Doubt.

Mrs. L. M. Taylor, Utica, N. Y., says: "While many of my friends have double-thread machines, (good ones, no doubt,) which they have set aside, declaring the preparation of the work and adjustment of the machine more trouble than hand-sewing—my Willcox & Gibbs is always ready to perform its silent mission. There is no folding, no basting, no marking for seam, hem, fell, quilt, or tuck. This ingenious machine and its admirable attachments do all."

One Way to Avoid Trouble.

E. Styles, of Rhinebeck, N. Y., writes: I have a "lock-stitch" machine, which I would like to send you, to dispose of for me. I don't want to sell it *here;* it would be giving me so much trouble." Of the Willcox & Gibbs Machine he says: "Without a single exception, every machine that I have sold, has given perfect satisfaction; and I have sold, four times as many of these machines, during the past year, as have been sold here of all other kinds."

DUNLAP BROTHERS, Import their own GOODS DIRECT FROM EUROPE FOR THE WESTERN TRADE.

The best place in Chicago to buy every kind of BAG or SACK is from the large and choice assortment of Noyes & Brown's Board of Trade Bag Factory.

Dress your Boys in Clothing from Scott, Rouse & Co., 100 and 102 Randolph St.

She "Tried" to Use It.

Mrs. W. H. Saddler, of Baltimore, writes: "During the past year, I *tried* to use a double-thread Sewing Machine,—but it never gave satisfaction. I know, therefore, how to appreciate the merits of the Machine which I now have—and which works to a charm and never fails to please. I am delighted with it. Nothing could now induce me to part with my Willcox & Gibbs."

NOYES & BROWN, BOARD OF TRADE BAG FACTORY, 45 LaSalle Street.
GRAIN AND FLOUR SACKS.

FANCY DRY GOODS AND NOTIONS AT WHOLESALE, AT DUNLOP BROTHERS, NO. 49 LAKE STREET.

Alike on Both Sides.

All who are acquainted with double-thread Machines, know that they require a great amount of care and patience in the operator, to make the stitch alike on both sides of the fabric, *and not one person in ten is able to do this;* and when it is not done the work is *worthless.* But the *Willcox & Gibbs* stitch always makes an even seam.—*Letter of Mrs. Alter, Newburyport, Mass.*

Incentive to Industry.

And while the novelty lasts, at least, a Willcox & Gibbs Sewing Machine is a great incentive to industry in the family. Restle s little girls delight in a kind of work so exceedingly like play; and boys even take to it, and think it "jolly good sport," to be able to manufacture their own shirts.—*Little Pilgrim.*

WHERE DO YOU BUY YOUR TWINES? A large variety always on hand at NOYES & BROWN'S BOARD OF TRADE BAG FACTORY, 45 LaSalle St.

Dress your Boys in Clothing from Scott, Rouse & Co., 100 and 102 Randolph St.

The "Irrepressible."

Gents:—On Monday last, the machine I purchased of you got thrown from a wagon—bottom up. I thought *then*, I should see a Willcox & Gibbs Machine "out of order." Well, the "table" was shattered, but the "irrepressible"—the machine itself—was all right yet! Enough of the table being left to apply the power, it went right to work and performed as well as ever. Please send me a new table-top.—*Geo. W. Leach, Binghamton, March* 7, 1867.

Not—And Be Obliged to Use It.

Rev. J. B. Pitman, Matteawan, N. Y., writes: "We used one of your first machines two years, and we have used a double-thread one." The result of our experience is, that for family sewing, we would not accept the latter—as a present—and be obliged to *use* it."—*To Willcox & Gibbs S. M. Co.*

A Beauty And A Charm.

"The unparalleled simplicity and durability of its mechanism, and the absolute certainty of its operation, make it invaluable to every lady. The stitch is entirely unexceptionable, and perfectly satisfactory in all goods. The machine is a beauty and a charm." Thus writes the lady who introduced the *first* Willcox & Gibbs Sewing Machine in Chicago—seven years ago.

What a Miss of Fourteen Can Do.

It is an objection to most of the machines of other patents, that they require so much time and skill to learn to operate them. But the Willcox & Gibbs is so simple, and its movement is so exceedingly easy, that an intelligent Miss, of fourteen, can comprehend the whole modus operandi, and work it in two hours!—*The Economist.*

And Still They Come!

Letters of recommendation from all parts of the country bring the same report: unqualified satisfaction, on the part of all who have used the Willcox & Gibbs Sewing Machine long enough to have proved both it and its work. Mr. E. S. Bolling, of Galveston, Texas, writes: "I am well pleased with the machine; and believe it to be the best Sewing Machine made."

From Mrs. Frank B. Morris.

I have used one of your machines over five yerrs. It has never cost one cent for repairs, as it has never been out of order. Am more than satisfied with it; would not exchange it for any other kind. In my opinion the Willcox & Gibbs is the best machine for family sewing. —*Letter of Mrs. Morris, Rockport, Pa.*

GENTLEMEN'S FURNISHING GOODS, at G. T. BELDING & CO.'S, S. W. Cor. Dearborn and Randolph Streets.

Wonderfully Pleased.

About four months since, I purchased for my wife a Willcox & Gibbs Sewing Machine. Already she is able to excel, in the quality of the work, any of the other ladies in town, who have Sewing Machines of other kinds. Mrs. G. is wonderfully pleased with her machine. —*Letter of Mr. A. What Constitutes a Fortune.

"It is now a little over four years," says the Rev. G. W. LEECH, "since *it was my good fortune* to get one of your machines. It has done a great amount of work for ourselves and others; *has never needed any repairs;* and, in our estimation, is now *better than a* NEW *one of any other kind.*"—[Letter to Willcox & Gibbs S. In Use Five Years.

And Not a Day out of Order in That Time.

Mr. Wm. A. WEST, of Dry Run, Pa., says: "We have had one of the Willcox & Gibbs Sewing Machines IN USE OVER FIVE YEARS, AND IT HAS NOT BEEN A DAY OUT OF RUNNING ORDER IN THAT TIME. We would not exchange it with our neighbors for the Wheeler & Wilson, or Grover & Baker, though I have nothing to say disparagingly of them."

"Things of Beauty and a Joy Forever."

We are very highly pleased with it and its performance. It is certainly fully up to its claims. It seams with great neatness and wonderful rapidity, running easily, and making but little noise. Its hemming, felling and braiding are *'things of beauty and a joy forever.'* It lifts a heavy weight from the stitch-burdened seamstress.—W. S. BALLINGER to the Willcox & Gibbs S. M. Co.

An Honest Machine.

The Rev. W. G. HUBBARD, of Wilson, N. Y., writes to the Willcox & Gibbs Sewing Machine Co., "I have regarded your machine as the most perfect in construction and working of any I have seen; but now, after taking it to pieces, I admire it more and more. *It is an honest machine*; and I hope every man and woman who owns one will take pattern from it, in principal and duty."

"Single Thread" vs. "Double Thread."

At the "Grand Trial of Sewing Machines" at Island Park, the contest being between "Single Thread" and "Double Thread" Machines, and the latter claiming an "advantage" *because* of its using "*two*" threads instead of "*one*," the result was a *unanimous* "DECISION," of the "judges," after a "protracted and severely contested trial," that *"the advantage is* NOT *on the side of a* 'DOUBLE-THREAD' *but on that of a* 'SINGLE-THREAD,' as used by the Willcox & Gibbs Machine."—*See "Report of Grand Trial."*

Two Threads Not Necessary.

The *Christian Advocate and Journal* says. "While we abate none of the well-deserved praises we have given to the others, we must in justice express our confidence in the merits of the Willcox & Gibbs Sewing Machine. We consider that a great desideratum has been supplied by it in proving beyond doubt that TWO THREADS ARE NOT, as was supposed, NECESSARY TO A GOOD INSTRUMENT."

Would Not Accept any other as a Gift.

Yours is a machine that needs only to be seen to be appreciated; and once appreciated, it does not, I find, take an intelligent mind long to decide upon its superiority to *all* others for family use. *My wife would not accept of any other patent as a gift*, if she must receive it on condition o giving up yours.—[Letter from the Rev. A Mechanical Wonder!

The *Scientific American*, in speaking of the Willcox & Gibbs Sewing Machine, says: "One cannot but admire the beauty and accuracy of its movements, and the entire absence of all noise, even when running at the rate of 2,000 stitches and upwards per minute; this alone must prove a great recommendation to it. Another merit is the good workmanship. The parts are made interchangable, so that in the event of accident to the machine, any part can be replaced at a trifling cost. It is indeed, a MECHANICAL WONDER—A HOUSEHOLD NECESSITY."

The Most Rapid Sewer.

A good many of these Machines have been sold in the counties of Missisquoi and Broome, where they give the best of satisfaction. It is noiseless—there are no springs to get out of order—and its simplicity enables the most inexperienced to operate it. The Willcox & Gibbs is the most rapid sewer in the world.—*Sherbrooke Gazette, C. E.*

Capital Friends at Once.

I began my acquaintance with it with some trepidation, but it soon put me quite at my ease. We were capital friends at once; and, as yet, have had no falling out. Together we fell right to work, and manufactured an article of clothing very creditable that very morning. The simplicity of this machine (Willcox & Gibbs) is only equaled by the unerring accuracy with which it works. —*Little Pilgrim.*

How Experience Conquers Prejudice.

Mr. George Thrall, of Rochester,, in a recent letter to Willcox & Gibbs S. M. Co., writes: "One of your machines has been used in my family for the past eighteen months. It has given perfect satisfaction, and I consider it the *best* Sewing Machine for family use. *I the more cheerfullg bear my testinony in its favor because I was at first greatly prejudiced against it.*'

More Friends Than Ever.

Mr. E Styles, of Rhinebeck, N. Y., in a letter dated Aug. 25th, 1866, says: "I am sure that I have sold, during the past year, four times as many Willcox & Gibbs Machines as have been sold here of all other kinds. Without a single exception, every machine that I have sold has given perfect satisfaction; and the Willcox & Gibbs has more friends here to-day than ever before."

Wondrously Sustaining Thought.

Ah, mothers and wives, when work presses—when muslins, linens and prints cumber your drawers, and little ones clamor for spring "toggery," the thought that in your sitting-room waits, ever to help you (alluding to Willcox & Gibbs Sewing Machine), a silent, trusty friend, of forty sewing woman power, is wondrously sustaining, isn't it?—*Little Pilgrim.*

Without the Least Fatigue.

Mr. J. B. Newcomb of Elgin, Ill., who for years was a staunch advocate of "double-thread" Machines—writes that he now considers "the Willcox & Gibbs pre-eminently superior;" and says that Mrs. N., "when too feeble to attend to the lightest household duties, can sit at her Willcox & Gibbs machine, and do a great amount of work—without the least fatigue."

Durability of its Work.

John Edwards, of Toronto, C. W., writes: "One of your machines has been in use in my family for the last two years, and has given entire satisfaction. It recommends itself especially, by the ease with which its use can be learned—its applicability to any thickness of fabric—its never being found out of order—and the neatness and *durability* of the work performed by it."—*To the Willcox & Gibbs S.
